MEMBERSHIP APPLICATION

The Unitarian Christian Association has grown and developed steadily since its formation in 1991. Our renewed sense of calling is to be that place where the liberal Christian tradition can be explored within the Unitarian and Free Christian community. Our goal is to serve the movement as a helpful resource.

The Liberal Christian Herald, published three times a year, is sent free to all members. If you would prefer to receive the Herald electronically (E-Herald) please indicate on the membership form by circling your preference.

A number of events are organized each year at locations around the country to reflect the geographical spread of the membership. All members and friends are welcome to join us on these occasions.

The best way to help the continuing work of the UCA is by becoming a member and supporting UCA events. Please complete the application form on the next page and post it or email it with your chosen membership subscription to the address shown. The Association is grateful for any additional donations and is also able to Gift Aid your membership.
